

" I know my monthly donation to Helios will help support LOCAL efforts that move us toward sustainability. This has never been more important."

- Shawn Boles, Donor
Eugene Sustainability Commission

Helios Grantee, *Skipping Stones*, an International Multicultural Magazine, has successfully completed 20 years of publishing. Through Helios Grant support, many public schools in Lane County were given free gift subscriptions. We introduced a two-color process to make the magazine more reader friendly and to attract more readers. We also improved the art, content and layout thanks to support like that of Helios Resource Network.

WITH SO MANY WORTHY CAUSES, HOW CAN I MAXIMIZE MY DONATIONS?

Lane County has an amazing number of dedicated groups working on issues ranging from local food, to immigrant rights; from the environment, to civil liberties. Each one of these growing groups relies on public financial support to keep their work going.

Through our Matching Grant Program, Helios wants to increase the impact of the grants we make, broaden the base of public support and help develop the fundraising capacity of grantees.

YOUR DONATIONS CREATE THE BASE FUND FOR THE HELIOS MATCHING GRANT PROGRAM

YOUR AUTOMATIC, MONTHLY DONATION CAN SUPPORT PROGRAMS LIKE THIS:

"The Civil Liberties Defense Center works with activist organizations to provide volunteer legal observers to guarantee that constitutional rights of participants are protected. Helios' Matching Grant Program provided funds that allowed our organization to provide forty *Know Your Rights* trainings last year. In the last two years we have continued to grow our *Know Your Rights* program to include a Spanish version and our juvenile version will be completed in 2009."

- Lauren Regan, Executive Director

"Helios Resource Network is a steadfast partner in building the good food movement and enhancing local food security.
